

Purchasing Corporate America's Surplus IT Equipment

## Standard Procedures & Environmental Policy

### ITAMG Adheres to a Strict "Zero Landfill Policy." E-Waste is Never Improperly Exported.

We safely market, donate, or recycle 100% of the equipment that is picked up from our clients. Obsolete equipment that has no residual value is separated into its most basic components and is sent to recycling facilities where it is refined in order to make new products.

### RELATED SERVICES
